

**Ph.D. Minor Agreement Form**  
**Environmental Chemistry & Technology Program**

**You may choose between two options for your minor.**

Option A – External: a minimum of 10 credits in a single department. Student must contact the department to obtain course requirements and approval. This option must also be approved by the EC&T program.

Option B – Distributed: 9 credits in one or more departments comprising a central theme. The distributed minor must be approved by the EC&T program.
